## Helping Children with Disabilities Live a Better Life

### YOUR DONATION, OUR MONEY!

Just send caring friends and family our way for a no-obligation quote - no purchase necessary!

We will donate in **YOUR name** for EACH one!

We are raising funds to help children with intellectual and developmental disabilities learn and heal. We are assisting the Lakemary Center in their efforts to provide a place for children living with these disabilities to live a better and more effective life. Funds raised will help children and adolescents ages 6 -21 receive therapy services that are specific to each of their needs. Join us in our efforts to support the Lakemary Center by recommending a friend or family member for a no-obligation quote and we will donate \$10 in your name for each recommendation!
